

## Evgeny Ivanov

35 y. o.

UX/UI Product designer

**For 15 years** I have been skilled in graphic design, website design, interface design, and mobile applications. **For the past 5 years**, I have worked in startups in the fields of logistics, cybersecurity, blockchain, and disaster recovery using AI. **I held leadership positions** in the last 2 projects. I have read **over 300 books**. Most of the startups **have successfully raised investments or been sold**.

## EXPERIENCE

2021 — 2023

### DELEDGER

Efficient transport logistics and electronic document management

[deledger.ru](#)

[Work in portfolio](#)

#### Project manager & Product designer

Managed a team of 10 people. Led tasks in Jira, created user-flow, user-story, roadmap, and development plans. Was the only designer in the team and created the design for the logo, printed materials, website, and the entire transportation management and document workflow system.

2022 — 2023

### BENU DATA

AI-powered disaster recovery

[Investment secured](#)

[Work in portfolio](#)
